**FOR IMMEDIATE RELEASE:**  
*December 22, 2009*

## **COAST GUARD FOUNDATION HONORS LOCKHEED MARTIN**

*Non-Profit Organization Recognizes Leading Corporate Donor*

**Stonington, Conn.** – The Coast Guard Foundation, a non-profit organization committed to the education, welfare and morale of all Coast Guard members and their families, announced today that it has recognized Lockheed Martin Corporation as its largest corporate donor.

Honored for lifetime gifts exceeding \$2 million, the Foundation presented the award to Fred P. Moosally, Coast Guard Foundation trustee and president of Lockheed Martin's Maritime Systems and Sensors (MS2) business unit, at the company's Washington, D.C. offices.

Lockheed Martin's support is used by the Foundation to fund important projects and programs that seek to improve the lives and performance of Coast Guard members, their families and Coast Guard Academy cadets, including college scholarships for children, as well as grants for enlisted members.

"The Coast Guard Foundation is grateful to all of our donors – corporate and individual, large and small – who contribute to the work we do," said Anne Brengle, president of the Coast Guard Foundation. "Lockheed Martin's corporate support and philanthropy are the cornerstones of the success the Coast Guard Foundation has achieved and have made many programs and projects for our maritime guardians and their families possible."

"Lockheed Martin is honored to support the important work the Coast Guard Foundation does in support of the United States Coast Guard and their families," said Mr. Moosally. "We feel strongly that it is our responsibility to give back to those who give as much to protect this country as the dedicated men and women of the Coast Guard."

In honor of the Coast Guard Foundation's 40<sup>th</sup> anniversary, the organization recognized the contributions of its Directors and Trustees at its Annual Meeting in St. Petersburg, Florida in November 2009. The Foundation also thanked its top public corporations that have

#### ***About The Coast Guard Foundation***

The Coast Guard Foundation is a 501(c)(3) non-profit organization founded in 1969, initially to provide funds not covered by federal operational funding for the academic, athletic, and morale needs of the Coast Guard Academy and its cadets. In 1986, the Foundation expanded its charter to support projects that enhance the education, welfare and morale of all Coast Guard members and their families. Through donations from individuals and corporations, and through grants and special fundraising events, the Coast Guard Foundation supports academic, athletic, and leadership excellence for cadets at the Academy; offers financial relief to Coast Guard families who lose their possessions in natural disasters, and assistance to those who lose a Coast Guard family member in the line of duty; provides college scholarships to dependents of enlisted personnel; funds recreation and family-oriented facilities; and supports educational and morale programs on cutters and at bases around the nation, in addition to hundreds of smaller projects.
