Malta, September 27, 2010: Richard Bonnici Kind, Principal of Ventures Limited, and Erik Nelson, Vice President of Marquis Yachts, LLC recently finalized an agreement establishing Ventures Limited as an authorized Marquis Yachts representative servicing the ultra premium yacht market in the central regions of the Mediterranean Sea.

Ventures Limited is strategically situated in Malta, ideally regarded as the crossroads of the Mediterranean. The Maltese archipelago, consisting of the islands of Malta, Gozo and Comino is the cultural, financial and geographic heart of the Mediterranean. Tunisia, located on the southern shore of the Straits of Sicily and Libya, its neighbor to the west, are popular yachting destinations in the central regions of the Med. “We are thrilled that Ventures Ltd will be representing Marquis Yachts throughout the central ports of the Mediterranean”- stated Erik Nelson of Marquis Yachts. “This is a geographic area that is populated with beautiful yacht centers frequented by yachting enthusiasts that recognize and appreciate ultra premium brands like Marquis.”

“In the world of mid – sized yachts, Marquis is undoubtedly the most beautifully designed and best built vessel available.” added Richard Bonnici Kind of Ventures Limited. ‘I have inspected and admired the Marquis line since it was first introduced. Being able to represent the brand in Malta, Libya and Tunisia provides us with great opportunity. We are very excited at the future we have with Marquis.’

Ventures Limited received its first Marquis yacht, a 420 Sport Coupe, in time to feature this yacht during Malta’s upcoming Valletta Boat Show (September 23 – 26, 2010).
