Wards Marine Electric

Strategic Position Change

Ward's Marine Electric

RIVIERA BEACH/ FORT LAUDERDALE, FL - MAY 23, 2013 Ward's Marine Electric is proud to announce two important strategic position changes within the company. Jason Pavone will be assuming the duties of Sales Manager at the Riviera Beach Facility. John Champagne will be the Commercial Sales and Business Development Specialist at the Fort Lauderdale Location.

A strong business development plan is key to any future growth or expansion. This strategic change furthers Ward's Marine Electric's commitment to such growth and service to the industry.

Ward's Marine Electric is a third generation family-owned and operated business dedicated to providing for the electrical needs of the marine industry. With a fleet of over 20 mobile technicians and a facility in Fort Lauderdale and Riviera Beach, they are a premier provider of electrical parts and service in Florida and around the globe. They have engineers, project managers, and certified electricians on staff to make any refit or new build, either recreational or commercial, a success. Their mission is to provide safety and satisfaction at sea above all else.
